

Dalili za Kuja Kwake

(Signs of His Second Coming)

Signs of his coming

Currently are existing

Which were spoken by Jesus

Now are fulfilled

Let us get ready to go with Jesus

That day it will be joy to the heaven

Which were spoken by Jesus

Now are fulfilled

Don't sleep because

You don't know the actual day

A one with ear let him hear this word of lord Jesus

Don't sleep while praying, a one who read let him perceive

Let us get ready to go with Jesus

That day it will be joy to the heaven

Moyoni Mwangu

(In My Heart)

In my heart I welcome Jesus
Do a mansion be born in I
All house were full
You did not get chance
Wherever you went
You did not get chance
And in hardship you born
Savior of the world
So as to verify
You will overcome the death

When you went to people
You did not get chance
Because hearts are full of evils
Wherever you was passing
You did not get chance
Because people they are full of hatred

Mungu Ashukuriwe

(Let's Give Thanks to God)

Lets thanks to God for loving us
He said he is God father of orphans
He liked to take our parents to him
He is now our father we are no longer orphans
He has raised his servant
He cares of us, he is guarding us

People of God you're called to do his work
As you're talented care for us
We have been collected getting comfort For your love
There are others suffers, they have neither mansion nor
food
We insist you to remember them
Our fellow children who suffers

God has already said "I'm God father of orphans"
He will never come physically to serve his children
As you have done to the least of these my brethren you did
it to me
Take care for these kids and our God will bless you
